

Top compartment holds package of 12 medical-grade testing cards to check the UVC level monthly.

Bulbs emit a disinfecting wavelength of light. Easy to replace, they're rated for 11,000 hours of use.

Four bulbs and a reflective interior provide 360 degrees of UVC irradiance for maximum disinfection.

For user safety, UV bulbs can turn on only when door is securely closed and start button is pushed.

Large enough to hold opened laptops and disinfect the most germ-y surfaces: the screen and keyboard.

UV Tech Tub®
Item #2040933

Exterior: 13"H x 11-3/4"W x 17"D
Interior: 8-1/2"H x 9-1/2"W x 12-3/4"D

Disinfect devices in 1 minute.

These days, cleaning devices is as important as charging them. The UV Tech Tub® safely uses powerful ultraviolet light to disinfect iPads®, Chromebooks™, headsets, robotics, and other non-tech items found in the classroom in just one minute—so you can educate with confidence.

Disinfect. Charge. Store.

The movable, stackable Copernicus® Tech Tub modular system of disinfection tubs, charging/storage tubs, trolleys, and carts gives you a complete device management solution for classes large or small.

TECH TUB2® TROLLEYS WITH UV TUB

The blue UV Tech Tub® disinfects small sets of iPads®, 11" Chromebooks™, and other tablets. The green tub stores them, locks them up, and charges them.
