- Storage heights offered in 35" H and 42" H
- Storage shelf heights are adjustable at 1" increments
- Storage shelves are offered in single sided or double sided, single sided options are available with a markerboard back
- Tables are offered in a single sided construction without casters for secure positioning
- Table heights offered in 29" H and 42" H
- Choose from three different laminate colors, all of which will coordinate perfectly in any setting
- Ships assembled
- Easy to clean laminate tops with soap, water, and an optional diluted bleach solution

SPECIFICATIONS

CONSTRUCTION

- Book Case side panels are 1" thick laminate construction with particleboard core
- Back panel is made of $\frac{3}{8}$ " thick plywood with an optional porcelain steel sheet, front surface
- Shelves are 1" laminate construction with particleboard core
- Shelves have routed pin slots to prevent sliding and are notched in the back to accommodate the metal panel
- Shelves are height adjustable with holes placed in 1" increments along the entire interior of the bookcase
- Casters are 4" diameter and 4½" overall height. Casters are rated for a dynamic load of 215 lbs each and are ROHS compliant
- Casters are non-marking with a flat wheel face. They are attached using a top plate mount using four screws spaced 1.625" center-to-center
- Handles are offered on bookcases, and are 13" Long, $\frac{3}{8}$ " diameter, $1\frac{13}{32}$ " projection, $12\frac{19}{32}$ " on center. Handles meet ADA guidelines and are attached with 1" mounting screws
- User edges are edgeband with matching color PVC edgeband to protect the laminate edge
- Curved and Straight Storage panels are 1" thick laminate construction with particleboard core
- Back Panel is made of $\frac{3}{8}$ " thick plywood with an optional porcelain steel sheet, front surface
- Glides are adjustable to level tables on uneven surfaces or carpet
- User edges are edgeband with matching color PVC edgeband to protect the laminate edge
